

Subject search

You can choose different ways of searching by using the filters and tick boxes – but you must specify campus = Bendigo

The screenshot shows the La Trobe University Subject Search interface. At the top, there is a navigation bar with the university logo and several menu items: 'Starting at La Trobe', 'Student areas', 'Your course', 'Study resources', 'Help & Support', and 'Careers & Opportunities'. Below this is a red header with the text 'Subject search'. The main content area has two tabs: 'Search current subjects' (active) and 'Search past subjects'. A search input field labeled 'Keyword' is present. Below the search field are two columns of filter options. The left column, 'Show only subjects...', includes checkboxes for 'With keyword in subject title', 'Without pre-requisites (may be used as electives)', 'For study abroad students', and 'For exchange students'. The right column, 'Credit points...', includes checkboxes for '15 points', '30 points', and 'Other'. Below these is a 'Filter by...' section with several dropdown menus: 'Discipline Area' (set to 'All discipline area'), 'Campus' (set to 'Bendigo', highlighted by a red arrow), 'Study mode', 'School', and 'Year level'. At the bottom, there is a date range filter: 'Start date between: 01/03/2018 and 10/03/2018', and a red 'Find subjects' button.
